Wanamaker's.

We'll try the experiment awhile of giving you a little more specific news about goods. We know well, if we can get such news to you promptly, that it will be acceptable. You can write or come.

—

White muslin dresses at about three-quarters value. A few are shown in the window of 1301 Chestnut, each one marked with its price. Very many more are within.

The materials are nainsooks, linons d'Inde, mulls and Swisses. Some are very plainly made with little or no trimming beyond some deft handling of the material itself; and some are elaborate enough. The extreme prices are $3.50 and $60. An excellent plain dress is sold for $5; neat and well made.

Low prices can almost always be put upon such goods a little late in the season. It's rather early now; but profitable making appears to be over already.

Just now you have the double advantage of many such dresses to choose from and low prices.

1301 and 1303 Chestnut street.

Ready-made dresses of a black-and-white striped fabric that looks like summer silk, but is silk-and-cotton. For general wear they will be found quite good enough; better indeed than summer-silk. Well made and substantial; but the chief virtue is in the price, $10.

1301 and 1303 Chestnut street, second floor.

Black grenadines have been one of the most distinguished features of our trade for two months past. We have had the finest in the world, and all grades down to the poorest that we care to keep; and a wonderful variety of patterns.

Figured grenadines that brought $2 lately are selling at $1. And this may be taken as a general indication of what we are doing in grenadines.

Next-to-outer circle, south entrance to main building.

An extraordinary debeige, extraordinary in quality and width, we are selling at 50 cents; 47 inches. No lady who can use debeige will be inclined to pass it; for it is worth twice the money.

The melanges at 40 to 60 cents are worth a half more, just about. There are four qualities, and somewhere about fifty color-effects.

Second circle, southeast from center.

If dress-goods are lower than they were elsewhere—we don't say they are. Advertisements say they are; but there is a certain shyness in those same advertisements, which makes them not very impressive.—If dress-goods are lower elsewhere in our city, the fall is due to the singular spectacle here of three great classes of the most fashionable dress-goods at a fraction of their value: French melanges, small checks and small-check stripes of wool and silk-and-wool, and black lainage.

We mention these three, because they stand out from the rest of the stock, conspicuous in two ways; they are fashionable, peculiarly so; and they are at half, two-thirds or three-quarters value.

Third and fourth circles, south from center.

Sash ribbon, satin-and-grosgrain, 7-inch, of value $1.15 for 75 cents; all colors. We refer to a particular sort, of which we have three thousand yards.

Black moire, 7-inch sash, 90 cents.

Block sash at $1 we are out of part of the time; but we receive some every morning. Do not confound this quality with that sold at 65 cents elsewhere.

Outer circle, by south entrance to main building.

Silk mitts, ordered from the makers a year ago, include a wider range in the colors than ever before: black, 50 cents to $4.50; white, cream, écru, terra-cotta, cardinal, etc., 75 cents to $7.

West of Arcade, 1113 Chestnut; seventh counter.

The Columbian.

BLOOMSBURG, PA.,

—FRIDAY, JULY 7th, 1882.—

Millard Tubbs of the *Mountain Echo* has been appointed postmaster at Shickshinny.

$33,000 was the last monthly pay of the Jackson & Woodin Manufacturing Co. of Berwick.

The track laying on the N. & W. B. R. R. was completed from Catawissa to Nanticoke on July 3rd.

The Williamsport *Breakfast Table* this week will contain a portrait of Judge Elwell.

Mr. Henry Bierman & Mary Wasley members of this year's class at the Normal School received positions as teachers in Shenandoah.

We are indebted to R. D. Darlington of Rupert for fine catalogue of excursion routes on Philadelphia and Reading R. R. for 1882.

D. M. Kinter caught over two hundred trout on June 30th, near Elijah Hess'. Guests of Brown's Hotel enjoyed part of them, the rest of them Geo. A. Clark bought.

The attention of farmers is called to the advertisement of Messrs Baugh & Sons, in another column. The reputation of their Phosphate is world-wide. Send for Circular.

The county commissioners were trying a lawn mower on Wednesday evening. They propose purchasing one for keeping the lawn in nice condition in front of the Court House.

The new fountain which the senior class had erected on the Normal school grounds, is very beautiful. The statuary is of terra cotta and is called "The Three Fishers." T. L. Gunton furnished it for the class.

A cold rain commenced on Monday evening and continued during the greater part of the following two days.

The basket picnic to be held in Oak Grove on July 4th was postponed on account of the incessant rain.

BOARDING.—A few boarders can be accomdated at Mrs. W. H. Jacoby's on Centre street, one-half square below Main.

We publish only a half sheet this week, but make up for it by a supplement containing a full account of Guiteau's execution. Many papers throughout the State do not issue at all on the week of the Fourth.

Miss Hannah Rubin, Miss Ida Harkness and Miss Hatty E. Robins, late graduates of the Normal School have received positions as teachers in the schools of Wilkes-Barre.

The Treasurer of Bloomsburg State Normal School will pay the interest due to March 1st 1882 on the Bonds, upon presentation of Bonds.

H. J. Clark Treasurer

A pure white rat was caught in a wire trap at the residence of L. N. Moyer, in this place. It is about two-thirds grown, has pink eyes and looks very pretty. Its mate has also been seen. Mr. Moyer has the rat in a cage and will endeavor to tame it.

The Winona Fire Company spent the Fourth in Lock Haven and had a very pleasant time. The band accompanied them and both musicians and fireman were highly complimented on their excellent music and fine appearance. Full particulars next week.

A joint conference of the Luzerne and Lackawanna Board of commissioners will meet at Scranton on Friday forenoon to effect a settlement in regard to the indebtedness of nearly $200,000 of the County of Luzerne before the division of that county.

Asparagus is said to be good for rheumatism, strawberries some say are a sovereign remedy for dyspepsia, and green peas are prescribed for eruptions. Fortunately for people in moderate circumstances beef steak does not possess one medicinal quality.

Main & Co's show on July 4th did not draw much of a crowd. The continuous cold rain was too much even for the anxious circus goer. One of the athletes, Mr. Shedman of Williamsport while leaping over five horses fell under the last one and was trodden upon by the horse—two of his ribs were broken besides sustaining many bruises.

If you want a copy of the History of Columbia County now is the time to subscribe. It will be a book of about 500 pages, and will cost $2.50 in cloth binding, $3.00 half morocco, and $3.50 full sheep, and will be ready for delivery sometime next fall. Send your name to the COLUMBIAN office, Bloomsburg, Pa.

A few weeks ago we mentioned that the wintergreen distillers were to be subjected to severe internal revenue taxation. We have since received the better news from Congressman Koltz that the authorities at Washington were induced to reconsider, and that the industry of distilling wintergreen and birch oil will not be interfered with.—*Carbon Democrat*

Some portions of the rebuilt wing of the Hospital at this place is receiving a last coat of plastering. On the rear portion of the main or centre building the bricklayers are progressing rapidly. The lower of the first story is up and on some portions the second. The work is being pushed forward rapidly, and the probabilities are that before the coming winter sets in at one least of the female ward buildings and transepts will be finished ready for occupancy. This is very desirable, as the friends of female patients in the counties embraced within the Danville Hospital district, who are obliged to place them in the State institution, desire to have them in one in the neighborhood of their home where they can visit them instead of sending them off to the Warren or Harrisburg asylums.—*Danville Intelligencer.*

On Friday June 30th, Eugene Dodson, placed a ladder on a declining tin roof of a veranda, at Mrs. Pursel's, to paint the house. the ladder slipped and threw Dodson to the ground—he was considerbly bruised but not seriously. After he had gone home John Zimmerman placed the ladder in the same position and began painting—in a moment he was thrown to the ground and is seriously injured, his one leg was paralyzed.

Newspapers, and not public speakers, says an exchange, really fight the battles of parties, and in the pending canvass in Pennsylvania the journalists of the parties which have candidates in the field are now earnestly at work. It is also a fact that the journalists of neither party receive the recognition or reward which they deserve, a fact for which in most part they are to blame, for as a rule the newspaper men do not assist themselves for their own interests half as zealously as they contend for the wants and wishes of others.

About Rose Bushes.

Pull your roses, or rather cut them from the stalk, as soon as they have reached their full of bloom, and do not cut them too near the branch on which they appear. Every full blown rose taken from the stalk helps the growing buds. To allow a rose to remain and reach an overbloom, until its rankness causes it to drop off leaf by leaf, is withdrawing vigor from remaining buds. Pluck or cut your roses, and enjoy them as personal parlor or dining room adornments.

A Clever Trick.

A one armed pensioner who has been going the rounds of Luzerne county for some months past, called upon a dealer in old clothes in Wilkes Barre, one day last week, and told a pitiful tale to the dealer. The pensioner said that he desired to go to Hazleton to see his relatives, and not having any money or clothes to go there he pulled out a pension voucher and said he would pay for a suit if the dealer in old clothes would let him have a suit and give him the balance. The clothier, thinking that the U. S. pension warrant was as good as gold, gave the man a suit and returned him the balance in solid cash. The clothier sent his voucher to Washington, telling the pension officers to remit forthwith. But instead of getting his voucher cashed a written note was enclosed stating that the money had been paid. The clothier then had the pensioner arrested and brought before Alderman Rooney, who sent him to jail in default of $500 bail. The pensioner was taken out of jail on Friday on a writ of habeas corpus and brought before Judge Rice, who allowed the prisoner to go scot free on his own recognizance. According to this ruling the clothier will whistle a long time ere he gets his money.

The Summer number of Strawbridge & Clothier's Quarterly just received, furnishes the ladies with many well-illustrated articles on subjects of interest to them; such as, fashion, home art, and domestic economy. Besides the usual gossip on fashion, which is supplemented later on in the book by hundreds of illustrations, there are instructive articles telling how things should be done. "How to Shop," treats of an art that all ladies practice; "Dress Making" will be read with profit; "House Furnishing" gives much practical advise that is worth following; and reasonable "Hints on Bathing" are given. In addition to which may be learned, how to make dress caps, how various articles are embroidered, how to be well-dressed, and how to stain glass. From the "Care of Children" knowledge may be gained that is of great use in emergencies. The serio-comic "Tale of a Trunk," is worth listening to; and the full page of illustrations should be carefully examined so that none of the "points" of the artist be overlooked. The "Kettle-Drum Racquit," is an easy and melodious piece of instrumental music that will prove a permanent addition to the class to which it belongs. The frontispiece represents a pair of lovers in a lane, and will be pleasantly suggestive to all.

Strawbridge & Clothier's Quarterly, is published at fifty cents a year, by Strawbridge and Clothier, Eighth and Market Streets, Philadelphia.

A copy of this fashion magazine should be in the hands of all our lady readers.

The Farmers and the Literary Revolution.

A recent issue of the "American Agriculturist" contains some insinuations reflecting upon the character of the Useful Knowledge Publishing Company, of New York. They are insinuations only, no direct allegations being made. Their only foundation is malice and fear, on the part of the Agriculturist publishers. The average cost of books published by The Useful Knowledge Publishing Company, in preportion to their real value is less than one fifth of the average cost of the agricultural books published by the Orange Judd Co. Within less than three years the "Literary Revolution" gave the American people over one million dollars' worth of the choicest books the country has ever seen: more in bulk and in real value than Judd has given them for five million dollars. No class is abused more abominably by the book publishers than the farmers. I was a farmer boy before I was a publisher, and know something of both sides. Twenty-five years ago I was a barefooted boy, driving an ox-breaking team through the hazel-brush and prarie grass of Iowa, and reading Grimshaw's "England, and "New York Tribune" between times by the fire light at night, and I got there a little too much of "Useful Knowledge" and of strength to allow baseless slander to overthrow the enterprise to which I have given my life. Judd shall realize his fear that the Useful Knowledge Publishing Com will publish agricultural books as well as other books, and it will not charge $1.50 for a book that does not cost 15 cents to manufacture. In response to pressing and almost distressing calls from all over the country, from farmers, farmers' boys and teachers, it will also enter the field of school-book publishing presently, and we shall see what will become of the high prices of the rich and grasping publishers in that field. The Useful Knowledge Publishing Company does what Judd, and no other of the old-line publishers do, it sends its books to any part of United States, and allows privilege of examination before payment is required. It supplies its agents with copies of its cheap and beautiful publications for distribution among their customers, for examination at their leisure, and allows the return of any books not wanted. A BAPTIST MINISTER'S EXPERIENCE.

I am a Baptist Minister, and before I even thought of being a clergyman, I graduated in medicine, but left a lucrative practice for my present profession, 40 years ago. I was for many years a sufferer from quinsy; "Thomas's Eclectric Oil cured me." I was also troubled with hoarseness, and Thomas' Eclectric Oil always relieved me. My wife and child had diphtheria, and "Thomas' Eclectric Oil cured them," and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate cold or cough, and if any one will take a small teaspoon and half fill it with the Oil, and then place the end of the spoon in one nostril and draw the Oil out of the spoon into the head by snuffing as hard as they can, until the Oil falls over into the throat, and practice that twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarrh. For deafness and earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suffering with a pain like rheumatism in my right limb, and nothing relieves me like Thomas' Eclectric Oil.

DEMOCRATIC CONVENTION.

The Democratic convention which met at Harrisburg on the 28th ult. and placed in nomination such able men have planted at the very foundation of the canvass the elements for success. The old leaders gave way to the demands of the young men and have placed on the ticket such as will draw not only the entire party strength, but many thousand votes from those who are tired of "bossism".

Robert E. Pattison, the candidate for Governor, is a young man of but thirty-two years. He has been twice elected Controller of Philadelphia by the Reform element. In 1880, Pattison received a majority of 13,593 in Philadelphia over Jeffries the Republican candidate.

Chauncey F. Black, the candidate for Lieutenant Governor, is a son of Judge Black. He is now a resident of York county, but was born in Somerset county. Like Pattison, he is but a young man, full of force and enthusiasm. His name adds strength to the already strong ticket.

Silas M. Clark, for Supreme Judge, is from Indiana county. He is confronted by a large Republican majority in his own county, but his independent and reform ideas will add to his party votes many from the majority party. His connection as a member of the Constitutional convention, where he exhibited strong reform principles will strengthen him in the canvass.

Mortimer F. Elliott, of Tioga county—Senator Mitchell's home—is named for Congressman-at-large. He is also a young man, was with Clark in the Constitutional convention and worked along side of Stewart and others in their work of reform. He will hold his party together in that independent district and will greatly increase the vote.

J. Simpson Africa, of Huntingdon is the candidate for Secretary of Internal Affairs. He was nominated for the same position in 1878, and ran ahead of his ticket. Like all others on the ticket he is a young man and has a record untarnished.

The entire work of the convention was such as calls forth praise from all parties, and its candidates are such as will meet the demands of the times. No one need hesitate to cast their vote for any or all of them. The reform element is taking the lead and with such acknowledged reformers to carry the ticket—success is assured for them.

The following platform was adopted.

THE PLATFORM.

The democratic party of Pennsylvania, holding fast to the faith that all power not delegated by the constitution is reserved to the states and the people;

Upholding the sanctity of personal liberty, the security of personal property and the rights of local self government; demanding honesty and economy in the administration of government and the enforcement of all the provisions of the constitution by the legislature and the courts of this commonwealth; declaring against monopolies and in sympathy with labor seeking its protection, and in favor of the protection of the industrial interests of Pennsylvania, at this time do solemnly protest against evils which the policy and practices of the republican party, and the insolence of its long possession of office have thus brought upon the country; therefore.

First. We do protest against what is called the boss system and the plundering of office holders by assessments of money for political purposes; public offices are the property of no party but are open to every citizen honest, capable and faithful to the constitution, qualifications which Jefferson declared were the requisites for office.

Second. We protest against the spoils system; it is a prostitution of the offices of the people, so that they become the mere perquisites of the politician.

Third. We denounce all repudiation, state and federal, because it is dishonest and destructive of that public mortality upon which are founded the existence and perpetuity of our free institutions; it should be made odious, and the political party that aids it with alliance and abets it with office deserves public condemnation.

Fourth. We denounce spoliation of the state treasury and immunity by pardon of those convicted of crimes whose acts are flagrant subversions of official trusts and wrongs done the people.

Fifth. We believe the republican party, as now organized and controlled, is based on fraud, force and corruption, and there can be no hope for true reform except by the ballot box excluding it from place and power.

Sixth. The democratic party demands of the legislature an honest, just and true apportionment.

Seventh. Upon these declarations we invite the co-operation of all honest citizens who, with us, desire the re-establishment of honest government.

The sub-committee on rules submitted the following rules for the government of the party, which were adopted.

The state central committee shall consist of one member from each county, and in addition any county that is entitled to more than one state senator shall have an additional member for each additional senator—the members of the committee to be appointed in such manner as the local regulations of the respective county organizations may determine.

The committee shall meet annually in the city of Harrisburg on the third Monday of January at such place as may be designated by the chairman of the state central committee and shall at this annual meeting elect a chairman and permanent secretary (from within or without its own membership), and state executive committee, (from within or without its membership), and transact such other business as the committee may determine. It may at this or at a subsequent meeting fix the time for the state convention and arrange therefor.

Members of the committee unable to attend may, for any meeting, deputize substitutes to act pro tem for them, but they must be voters in the county and senatorial districts which their principals represent.

The chairman of the state central committee, its permanent secretary and seven democrats (from within or without the state central committee and no two to be elected from the same county) to be elected annually at the January meeting, and the committee shall constitute the state executive committee to conduct the state campaign subject to the control of the state committee, and the officers of the state central committee shall be the officers of the executive committee.

The representation in the state convention shall consist of representative delegates, one for each 1,000 democratic votes cast at the last preceding gubernatorial election, or for a fraction of 1,000 such votes amounting to 500 or more in the respective representative districts: Provided that each representative district shall have at least one delegate.

These rules may be amended, altered or abrogated at any time upon the recommendation of the state central committee, or a state convention, and by the approval of the subsequent state convention.

Schedule—These rules shall take effect on the third Monday of January, A. D. 1882.

For the first time since the organization of the Republican party, Lancaster county has a place on the State ticket. Heretofore her sons have been totally ignored at the State conventions, owing to the rivalry existing between the local "bosses."

In the hanging of Col. John Bridges at Cadiz, Ky. on June 30, the noose slipped, and he died by strangulation. In his struggles for life his hands and feet became loosened and he endeavored to get on the gallows, but was pushed off as fast as he would get near it. He was hanging 30 minutes before he was pronounced dead.

The body of Charles J. Guiteau was buried on Saturday afternoon in the northeast corridor of the jail. His brother John W. Guiteau was the only relative present.

☞ When farmers can buy a true Ammoniated Super-Phosphate, made chiefly from Slaughter House Meat and Bone, for $25 per ton at the Railroad Depots, in Philadelphia, it is a folly to pay out money for the old fashioned High Cost Fertilizers, which other manufacturers persist in holding at prices varying from Thirty to Forty Dollars per ton.

The past season, everywhere, has clearly shown, that the low cost Ammoniated Super-Phosphate paid the best on Wheat and Grass. The day for high cost Manures has passed. The experience of good farmers, who look closely at First Cost and Results, have proved that those costing $25 PER TON, OR LESS, with a reasonably good Analysis of free Phosphoric Acid AND AMMONIA, have paid them by far the best. There is abundant evidence of this and from farmers who don't simply guess at what they are doing.

In the four years of the use of Baugh's $25 Phosphate, there has not been a single reasonable report of unfavorable action on any crop, and this is a testimony in itself more than volumes of certificates. We do not ask for, or publish certificates; that custom, has long ago ceased to be of any consequence either way.

POSITIVELY CURED BY
Benson's Capcine Porous Plasters.

Reasons Why they are Preferred to All Other Porous Plasters or External Remedies:

Third.

Because they are the only plasters that relieve pain at once.
